

Today is Valentine's Day

Yeah. I know.

Banjo Loves Valentine's Day

Peat will stare at you all day, but he probably won't say that he'd like to be your valentine, even if he would. Because he's shy like that, but he does love hats.

Yeti would love to hug you

Barny gives the best
kisses. He also likes
hats.

Roland looks cranky
but he's a lovey. He likes to wear
flowers on his head

Who doesn't love cookies?

Mimi doesn't believe in love. She had two litters of kittens before she was a year old, so we can cut her some slack.

So, to wrap up:

- Happy Valentines Day from All the Cats!
- Except Mimi.
